THERE'S GLASSWARE. AND THEN THERE'S DRINIQUE.

Drinique delivers products and solutions to address the challenges posed by traditional glassware and plastic. Our unique designs offer improved functionality, durability, stacking, and aesthetic appeal, as well as wide-ranging customization options. Experience the look and feel of glass without the added cost and liability.

Unlike traditional glassware and plastic, Drinique Drinkware is guaranteed to never break or crack, even after 1,000 cycles in a commercial dishwasher. Only Drinique can make this promise because our drinkware is proudly made in America with Eastman Tritan™ Copolyester. All Drinique Drinkware is BPA-FREE and backed by our LIFETIME GUARANTEE.

In addition to drinkware, Drinique offers a dynamic line of custom bar products and accessories. Plus, every product is customizable to meet the branding and promotional needs of each of our clients.

BPA FREE, AND SUSTAINABLE.

Drinique is proud to have pioneered the use of BPA-Free Tritan™ in drinkware. We are committed to helping rid the world of hazardous plastics, like Polycarbonate, that contain Bisphenol-A (BPA) that can migrate into food and pose potentially serious health concerns. Drinique products are BPA-Free and safe for all ages.

Plus, we proudly use American-made materials and equipment, allowing us to maintain a small carbon footprint while providing the highest quality, most sustainable drinkware on the market.

SHATTER YOUR PERCEPTIONS OF GLASS.

What if your drinkware didn't break? What if it didn't crack? And what if that drinkware was guaranteed for life?

Say hello to Drinique.

If any piece of Drinique Drinkware ever breaks, cracks or shatters, we will replace it.

THE BENEFITS ARE CRYSTAL CLEAR.

Drinique Drinkware is made from extraordinary Tritan™ Copolyester. Even after 1,000 trips through a dishwasher, this revolutionary material stays clear.

PROFITS STACK UP JUST AS EASILY.

Buy Drinique Drinkware, once. Then stack them without sticking, wash them without cracking, and even drop them without breaking. They just keep looking good. And with the money you save from replacing outdated glass (or inferior plastic), your bottom line will look better too.

THIS ELITE FORCE IS READY TO SERVE.

The ELITE Collection delivers elegant design and five-star quality. You get great hand weight with the look and feel of glass – perfect for even the most upscale setting. Customers may not be able to tell the difference, but your bottom line will remind you every month.

ONE ELITE COLLECTION. MULTIPLE PERSONALITIES.

HIGH CALIBER, LOW MAINTENANCE.

The CALIBER Collection is the newest addition to our distinguished drinkware family. Don't let its sleek, contemporary appearance distract you from its true nature. These glasses are designed for easy storage in tight spaces and will dry when stacked wet. And, of course, they're engineered with the same toughness found in all Drinique Drinkware.
